Hello, my name is Charles Beltran THIS IS EXCITING!

I am currently a distributor with **Legacy** for Life. Truthfully, it is pure dumb luck to stumble into a deal like this early enough to have a real chance to earn six figures a month and retire 100% within a couple of years. I feel blessed to have lucked into people of high caliber like yourself. The way I figure it we ALL have a chance to earn over a MILLION dollars with **Legacy** if we act now.

Let me tell you how I arrived at that admittedly ridiculous sounding conclusion.

Legacy has truly become a force to be reckoned with in the networking arena. It still has relatively few distributors when you consider the fact that Mark Yarnell got into his previous company when there were 33,000 reps already in. In spite of this **in a just few short years Mark amassed a fortune of 17 million dollars** with over 700,000 reps in 20 countries. Mark told me most of his monthly check came from ONE LEG of his business!

Now consider this:

When Mark Yarnell was first approached about joining **Legacy** as their Master Distributor he turned them down, after all, he was still earning huge money in retirement. He told them he would listen if they had a compensation plan that could earn him A MILLION DOLLARS A MONTH. When Jeff Piersall and Greg Harlow actually showed him the financial plan devised by a mastermind team of experts as the BEST IN THE HISTORY OF MLM, Mark still was not convinced.

"...in a just few short years Mark amassed a fortune of 17 million dollars"?

WWSN: Here's the truth:

The **Legacy USA/Legacy For Life** company had been selling "BioChoice" for almost two years before Rene Yarnell arranged a merger between **Legacy** and the failing "21st Century Global Network". This was at a time when the Yarnell's were in desperate financial states and Mark Yarnell had already asked for a divorce. In her book, "Til Death Do Us Part" on page 447, Rene Yarnell wrote:

"It was time that I face some realities. My financial situation was a disaster. Between our house and our company debts, we owed several million dollars. We were so deeply indebted that if this venture failed, I didn't know how we would ever pay back our creditors."

PAYPLANS ARE TRICKY; SO HERE'S WHAT MARK DID:

Mark had records of his previous group volume. They ran a computer model and the results were staggering.

GUESS WHAT?

The same volume applied to the **Legacy** plan would have met his "dream income" criteria! This is what brought Mark Yarnell out of retirement.

Here's my point:

The **Legacy** financial plan is PROVEN to be more lucrative than the plan that earned Mark 17 million dollars. We are inviting you to consider **Legacy** for Life when there are LESS distributors in it than when Mark joined his previous deal. That means (if we duplicate Mark) we can earn an income beyond our wildest dreams.

This is FOR REAL! Feel free to check out my story.

Many of the ol' time network professionals who have watched their checks decline in the past decade because of mismanagement, attrition and pay-plan changes in their present companies are now joining **Legacy** because they see it as very long term. If you will watch the "Prosperity with Purpose" video online at:

<http://www.idesiremore.com>

You will see the former chief counsel of the FDA and a FTC representative declares how Legacy toes the mark in every single area of legality. This is truly a long-term deal when experts like this speak at your 2nd convention.

You ask: What about our product; Immune 26?

Well, a dozen or more hospitals use it in their protocols. It is listed in the P.D.R. (version for supplements). ABC news called it "a miracle" in two separate broadcasts. Even perfectly healthy people FEEL better when they take it! The hundreds of personal, life-changing testimonies are just icing on the cake.

Most importantly:

Our product has over 120 International patents and will NEVER be seen on the shelf of some store. (We have that in writing) in fact, at the July 2002 Orlando convention a profit sharing plan was announced that will effectively give the distributors partial company ownership!

View it and you will see that the hard part is over and true momentum is just around the corner. Consider the big picture. Call me anytime. Mr. Yarnell is also available to chat if you wish. Thank you for your time.

Sincerely,
